November 27, 2001

TO THE COMMISSIONER FOR PATENTS:

This paper is filed in response to the Office Action mailed on October 2, 2001. A one-month extension is requested.

Presently, Claims 1-32 are pending in the application. Claims 1-32 are subject to restriction and/or election requirement. A restriction to one of 7 separate inventions identified by the Examiner was required.

Applicants respectfully submit the requirement is much too restrictive, as certain of the groups of claims, namely, Groups 1-4, or Groups 5-7, being examined together would pose no undue burdens on the Examiner.

As required by C.F.R. § 1.143, applicants elect without traverse the claims of Group 5, Claims 15-22 and 32. Further, as required by the Examiner, applicants elect the species of Figure 12. Claims 15-24 and 32 read on the elected species. Applicants concur with the
